Call for Participation

We invite you to join us in Copenhagen, Denmark on September 26 ~ 27, 2020 for International Conference on Data Mining and Software Engineering (DMSE 2020).

International Conference on Data Mining and Software Engineering (DMSE 2020) will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Data mining and Software Engineering. The goal of this conference is to bring together researchers and practitioners from academia and industry to focus on understanding Data mining and modern software engineering concepts and establishing new collaborations in these areas.

Highlights of DMSE 2020 include:

- 7th International Conference on Computer Science, Engineering and Information Technology (CSEIT2020)
- 12th International Conference on Networks & Communications (NeTCoM2020)
- 12th International Conference on Network and Communications Security (NCS2020)
- 7th International Conference on Signal, Image Processing and Multimedia (SPM2020)
- 2nd International Conference on Machine Learning & Applications (CMLA2020)
- 12th International Conference on Applications of Graph Theory in Wireless Ad hoc Networks and Sensor Networks (GRAPH-HOC2020)
- 2nd International Conference on Internet of Things (CIoT2020)
- International Conference on NLP & Big Data (NLPD 2020)
- International Conference on Advances in Artificial Intelligence Techniques (ArIT2020)
- 12th International Conference on Wireless & Mobile Networks (Wimone 2020)
